CONTRIBUTIONS

This project has been realized by**Florentin Bekier and Rémi Blaise**. We proceeded in the following way:

1) A first version of the Design Document specifying the Index-Peer Communication Protocol, the API of the Index as well as the Technology Specification has been written jointly. 2) The `index` software has been made by Rémi Blaise while the `peer` software was by Florentin Bekier. 3) The Design Document and Contribution Document have been written by Rémi Blaise while the Verification Document, Manual Document and Performance Result Document have been by Florentin Bekier.
